Texas Exhibiters at the World's Eair. The meeting was called to order by President Corley and the minutes of the last meeting were read and approved. Mr. Huffman stated President Connor of the State fair would arrange a meeting to con fer with Judge Thoman, the World's fair commissioner, on Friday.

The following resolution was read and

Whereas, the actual exhibiters of Texas have designated the Texas state fair as a repository for county and other exhibits for the World's Columbian exposition; and Whereas, it is essential to the said state fair as it is to our association that an active worker in exhibits be in each county in the state, and an exhibit be prepared by each rounty; therefore be it Resolved, that the State fair and Dallas exposition be requested to put a man in the

field at once to work securing active work-ers in each county, and we will use every effort possible with the press of our re-spective counties to keep before the people the importance of the work we have in

hand.

The following persons were enrolled as members: W. C. Burnham, Henrietta, Tex.; B. N. Bryant, Athens, Tex.; J. T. Tex.; B. N. Bryant, Athens, Tex.; J. T. Whittaker, Tyler, Smith county; W. T. Brady of the Coke County "Rustler"; J. L. Garner, Hopkins county, Mr. B. A. P. Eaton of Colorado Springs, who has charge of the Colorado exhibit cars, was 17 sent. and addressed the meeting, assuring these present of his confidence of success in the organization and their work. Several addresses were made by different members. A resolution of thanks was tendered the Dallas News and the Fort Worth GAZETTE, and to the press in general for their interest and to the press in general for their interest

nd assistance.

Mr. R. E. Carter of the Abilene country is a member of the new organization and has faith in its success. He says Taylor county will have an exhibit for the state fair next year which will be sent to the World's fair if space can be secured in the government building. He thinks that it all the counties of the state can be represented at Dallas next fall the money neces-sary to maintain an exhibit can then be se-cured without any trouble, but he doubts if money can be secured to erect a Texas building and collect the exhibits also. The people of each county will more willingly bear the expense of getting up their own exhibits themselves than to put their money in a general fund.

Mr. Carter is a member of the Abilene hourd of trade also of the progressive com-

opinion, is a live man in every county in the state to gather up an exhibit and have it at Dallas next fall. Mr. Carter promises Tay-lor county, and thinks others in his section will follow.

Fair Notes.

The Fannin county exhibit has a great display of fruit. Go and see it.

Saturday will be Fort Worth day, and the entire public school population of that city is urged to be present, as the children will all be admitted to the grounds free. It is also Dallas county school children's day, but they are only admitted by paying half price. Fort Worth should show her appreciation of this generous offer by sending a large delegation to the fair Saturday.

To morrow will be World's Fair Day, and a large attendance from all over the state

fair people will be a great card in bringing people here to-morrow, and the movement

will receive a great impetus.

Little Mary Mullen delighted a large audience with her correct playing again today. The little missis only ten years of age, yet she plays the most difficult music on her cornet, always holding a crowd as long as she plays.

The Occupation of Bandits Along the Ric Grande-Their Numbers Sufficient to Cope With the Border Guards.

San Antonio, Tex., Oct. 29,—United States Deputy Revenue Collector Bell ar-rived here to-day from an extended inspection trip along the Rio Grande border. He states that a large number of bandits have for some time been boldly engaged in smug-gling operations along the border near Roma. They are terrors to the custom-house guards and honest citizens. It was formerly the custom of smugglers to bring formerly the custom of smugglers to bring dutiable articles from Mexico into this country, but now nearly all the smuggling that is being done along that part of the border is from the United States into Mexico. The duty on dress goods and tobacco was raised by the Mexican government not long ago. This heavy duty has caused this change in the smuggling business, and great quantities of leaf tobacco and prints are sold by merchants on this side to professional gray, glory. The custom-house guards sional smugglers. The custom-house guards are unable to prevent this violation of the law. The smugglers are desperate charac-They go well armed and in sufficient numbers to overcome any resistance that the guards may make. They understand that if captured on the Mexican side death is certain to them, and so they give no quarter when they come in contact with government soldiers or officials.

Chicago, Illa, Oct. 29.—There was more life in the wheat market to-day, due to a combina tion of circumstances, and a higher range of prices was established. The opening was a little excited, and sales were made at 142 %c dvance on the closing figures of yesterday, ben eased off with some slight fluctuations 12c.

then eased off with some sight fluctuations 12c, but again developed a stronger feeling, and this time prices advanced 13c013c then declined to 13cc, rallied slightly and closed about 4c higher than yesterday.

Corn was a little unsettled, showing math strength early and selling higher, but broke later on free selling by some longs and short sales, but finally reacted.

Hog products were somewhat irregular, but generally strong in sympathy with grain and the fact that hog receipts were 5000 head less than expected. January pork sold early at \$1 70-465 St. There was weaker feeling toward the close, owing to weakness in the grain pits and January pork weat fack to \$11.90 January lard to \$5.20 and January ribs to \$5.55.
